

### Updated video distribution (CDN)

We are now introducing improved opportunities to adapt your video distribution to the requirements of your business with two new CDNs.

**American CDN**, World Distribution with Fastly - the fast alternative.

This CDN is optimized for viewers in North & South America.

**Swedish CDN** with GDPR adapted distribution - the safe alternative.

The ideal solution for you with viewers primarily in the Nordics and Europe.

With the bonus of being 100% GDPR-compliant!

Read more about the options and choose the CDN that suits you and your business best.
